

2020 SDAFS Poster Presentation Guidelines

Please use the following guidelines when developing your poster:

Posters should consist of easily readable text and graphics describing the study justification, objectives, methods, and research findings. Student posters will be evaluated based on quality of the title, abstract, introduction, methods, and conclusions. In addition, clarity, originality, technical merit, analytical merit and aesthetics will be assessed.

We recommend that you follow the guidelines presented in this article about making posters:
